

# Trados Mini-Learning PerfectMatch

This course aims to equip learners with the knowledge and skills to effectively use *PerfectMatch*, a tool that reuses existing translations by automatically matching and applying them to new content, enabling faster and more consistent translation workflows.

## TARGET AUDIENCE

This mini-learning is designed for Administrators, Lead Project Managers, Project Managers, and Translators of Trados Ignite, Team, Accelerate, and Enterprise. *Cloud Capabilities for Trados Studio* do not support *PerfectMatch*.

## LEARNING OBJECTIVES

By completing this mini-learning, you will be able to configure and use *PerfectMatch* to maximize the reuse of existing translations, as well as calculate project costs based on the different *PerfectMatch* settings. You will be confident in applying *PerfectMatch* within the Online Editor and be able to manage candidate files and select the best match options.

## DELIVERY

Hosted on the [RWS University](#) learning portal, this self-paced eLearning course allows users to self-register and access the content individually.

## COURSE DETAIL

The course will cover the following topics:

- How to configure *PerfectMatch* settings to fit your project needs.
- How to apply *PerfectMatch* during project creation to leverage existing translations.
- How to use *PerfectMatch* for mid-project updates to maintain consistency.
- How to calculate costs based on different *PerfectMatch* settings.
- How to apply *PerfectMatch* within the Online Editor for efficient translation management.
- How to manage candidate files and select the best match options

## COURSE DURATION

The course is approximately 25 minutes in duration and can be viewed and then used as a post-course reference tool.
